

Features

- Low noise level
- Ergonomically shaped handles
- Proven design over many years
- Simple rugged construction
- Ease of maintenance
- Long warranty

Benefits

- Meets all current legislation, less nuisance, more work = more profit
- More operator comfort, less fatigue
- Peace of mind
- Confirms product acceptance in industry
- Less downtime = more profit
- Confirms product reliability

Technical Data

Model

CT 21 S

	Metric	Imperial
Length	582 mm	23 "
Weight	21 kg	46.2 lb
Shank/Chuck size	32 x 160 mm Hex	6 ¼ " x 1 ¼ "
Air Consumption	13 l/sec (0.78 m ³ /min)	30 cfm
Impact Power	133 J	
Impact Rate	1250 bpm	
Noise Level	111 dB(A)	
Vibration Level	24.9 m/sec x 2	
Retainer Type	Latch	
Silenced	Yes	
Non Silenced		
Handle Type	'T'	

Test standards applied.*

Noise: E.E.C. Directive 2000/14/E.E.C.

Vibration: E.E.C. Directive 2002/44/E.E.C.
E.N. (ISO) 8662-5.
